

Scheduled Benefit Plan-Sherman ISD

Benefits:

The (SBP) offers the flexibility of receiving treatment at a contracted or non-contracted provider. SBP is a unique plan that provides comprehensive dental coverage at an affordable cost. The plan offers benefits on the most often utilized procedures.

Members can maximize their benefits by selecting a contracted provider. Contracted providers offer treatment at discounted scheduled benefit amounts, this means less out-of-pocket expense to the member. Dental treatment from a non-contracted provider will most likely incur charges beyond what the contracted provider would charge for the same procedure. Non PPO claims will be paid at the Maximum Allowable Charge under PPO Schedule. **(PPO Office Listings at dentemax.com)**
