

## PERMISSION TO PLACE

\_\_\_\_\_ **Bilingual Education/ESL Classes** \_\_\_\_\_

Dear Parent or Guardian:

The State of Texas requires Sherman ISD to provide Bilingual and/or English as a Second Language classes. These classes are designed to meet the needs of non-English speaking, as well as limited English proficient (LEP) students. The goal of the Bilingual program is to assist LEP students in developing good English and Spanish language skills through content taught in their primary language **and** English. The goal of the English as a second language program is to assist LEP students in developing good English language skills early by providing instruction using second language acquisition methods.

Your student, \_\_\_\_\_ has been tested and qualifies for these services. The language proficiency assessment committee recommends that \_\_\_\_\_, be enrolled in bilingual education or ESL classes.

Sincerely,

\_\_\_\_\_  
Bilingual/ESL teacher
