

# Sherman ISD Hot Spot Instructions

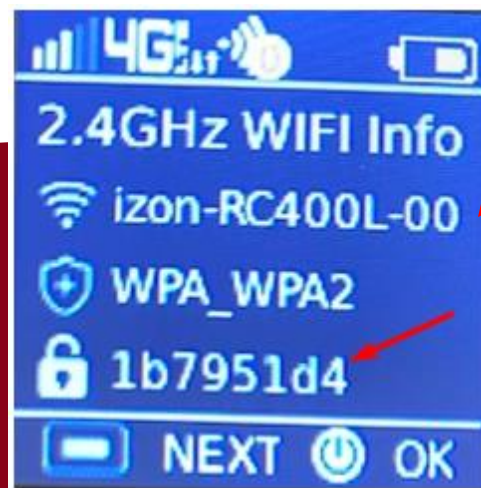

## Step 1:

**Step 2: Press the menu button twice to navigate to '2.4 GHz Wi-Fi Info', then press the Power Button to see connection information.**

**Step 3: On your Chromebook, search for the Connection Name and click to connect. When it asks for password enter the one by the padlock icon. Each hot spot will have a different password. The one in picture is an example only.**

**Connection Name**

**Password**
