Human Sexual Health material is in a companion text as an option for districts to purchase from Goodheart-Willcox.

Aileen-

Old Business – cancelled November meeting, gave update on Senate Bill 9 and New SHAC law details.

Discussion began around the presentation made by the Aim For Success representative regarding Human Sexuality/Development program they offer. This was presented to principals as well as the SHAC. Aileen expanded on new SHAC rules regarding the process of getting a Human Sexuality Program into the district. We will need to offer 2 public meetings for parents to have opportunity to review material and hear about the proposed program. Then if SHAC approves a program, the program is presented to Board of Trustees for vote.

Public meetings for review of curriculum will need to be planned and posted on website for public to know about.

Motion to look at more options for Human Sexuality Programs in addition to Aim for Success was made

Christy made motion to table; Sara seconded motion

Voted by all present to table

This was tabled for a future meeting to allow for more of the SHAC to be in attendance to discuss and vote on option to look at another program in addition to Aim for Success.

Aileen recommended that if we want to look at other options, for the SHAC members to research and send optional programs for review.

Kameron made comments regarding need to have a human sexuality/development program that will speak to the SPED population. He asked if this is possible?

Aileen discussed the Student Wellness program subcommittee – committee has been formed but not started. It is Aileen's understanding that Mandee will begin meeting with this committee in Spring of 2022.
