

## SHAC Minutes – March 9, 2017

The group discussed the Healthy Living Seminars being presented each month by one of our members, John Nikirk. Also discussed was the upcoming Let's Move Sherman spring event to be held on April 29<sup>th</sup> from 10-2 at the administration building grounds. This is held in conjunction with the Ford Drive for Your School Event. Ideas for more participants were presented. These same participants would also be invited to the employee health care/partners fair held after convocation in August. A gardening program was discussed. Various ideas were discussed as to what could be done with the food. This idea will be discussed with district administration and reported on at the last SHAC meeting in May.
